TO WHOM IT MAY CONCERN

I have made use of E.S.S. Tactical Services on several occasions for some of the bigger events done for my clients e.g. Coca-Cola Southern Africa, NIP Social Mobilization Workshops in the Townships and personal VIP Protection for some of my clients with overseas visitors & speakers. It has always been a pleasure dealing with Warren and his team, as they always go the extra mile and are extremely professional & reliable. I will not hesitate to recommend their services to any of my clients & associates.

Yours Sincerely

Kind Regards
